✓ 18. (Internal Use Only - PLC) LIAISON Received a call from Paul Daley, Legislative Counsel, FBI, in response to my earlier call to Mike Uhlmann, Assistant Attorney General for Legislative Affairs, Department of Justice, requesting a rundown from the FBI as to the scope of their proposed program to notify persons concerning whom they had collected information in their COINTELPRO files. They intend to limit notification only to a small number of persons who were members of the Communist Party, Socialist Workers Party, Black Panthers, and the New Left who in some way were harmed by activities of the FBI. The program does not include any other agencies to whom they disseminated this information. Daley added that Justice has been requested to appear at a hearing on 13 April on H. R. 12039 which would require the FBI and the CIA to notify all persons concerning whom they had collected information improperly under the COINTELPRO, CHAOS, and mail-opening programs. Daley said he would notify me if the Agency becomes involved in any way in their notification program.
